

Dew point meter specs

Simple Large, easy-to-read, LCD with multilingual support. One-handed menu navigation. Audio and visual alarm indicates when climatic conditions are unsuitable for painting. No need to consult complex tables or use a slide rule calculator. Bi-color indicator light is ideal in a noisy environment. All 5 parameters are constantly updated and displayed simultaneously. The graph mode charts all 5 parameters for quick analysis.

Accurate The fast-response precision sensors provide accurate, repeatable readings with high reliability and long term stability. Smart Trend™ Indicators identify the rising, falling or stable readings. Includes Certificate of Calibration showing traceability to NIST. Conforms to national and international standards including ISO 8502-4, BS 7079-B4, SSPC-PA7, and ASTM D3276-05.

Versatile Internal memory stores 2,500 datasets in 100 batches with simple touch of a button. The Data Logger Mode automatically records all 5 parameters at user selected time intervals. Ideal for unattended operation. A built-in clock dates and time stamps each stored measurement. Easily converts to accept optional probes that include magnetic and hand-held surface temperature probes. USB and IR ports allow for downloading to PC or printer. Flip Display provides for right-side-up viewing. Celsius/Fahrenheit switchable. Backlit display for dim or dark environments.

Dew point meter

Measures relative humidity, air temperature, and surface temperature. Calculates dew point temperature and difference between surface and dew point temperatures. Meter comes complete with humidity, air, and surface temperature sensors, protective rubber holster with belt clip and wrist strap, 3 AAA batteries, instruction sheets, nylon carrying case with shoulder strap, Certificate of Calibration traceable to NIST, and a two (2) year warranty on body and sensors. Made in USA.

Durable Rugged, outdoor/indoor instrument. Solvent, acid, oil, water and dust resistant; meets or exceeds IP5X. Scratch and solvent-resistant display suitable for harsh environments.

Item Number	Item Description	Mfg. Number
